DERRICK KIBIWOT KIPROP – Data Protection | Information Security

Nairobi, Kenya.

+25471115560 **derrickkiprop254@gmail.com**

Analytical Computer Security & Forensics graduate with strong foundations in data protection, information security, regulatory compliance, and ICT governance. Experienced in supporting digital systems, managing sensitive information, documenting processes, and assisting with risk mitigation and operational controls.

Skilled in data handling, record-keeping, incident tracking, policy support, and confidentiality practices. Passionate about building secure, privacy-compliant environments and supporting organizations in meeting the Kenya Data Protection Act (2019) and global best practices.
